Join us for the International Conference on
Applied Informatics,
7th to 9th May 2020, Sibiu, Romania

<http://conferences.ulbsibiu.ro/icdd>

The conference is mainly addressed to bachelor and master level students, PhD students and young researchers from all over the world. The conference gives the participants the opportunity to discuss and present their research on informatics and related fields (like computational algebra, numerical calculus, bioinformatics, etc.). The conference welcomes submissions of original papers on all aspects of informatics and related fields ranging from new concepts and theoretical developments to advanced technologies and innovative applications. Paper acceptance and publication will be judged on the basis of their relevance to the conference topics, clarity of presentation, originality and accuracy of the results and proposed solutions. The presentation has to include also a practical application. The official language of the conference is English.

Topics (Topics of interest include, but are not limited to)

Algorithms and data structures	Networking
Graph theory and applications	Grid computing
